

Customer Support SOP: Payments & Cancellations

1. Order Cancellation

Orders can be cancelled free of charge as long as the status is 'Unshipped' or 'Processing'. Once an order is 'Dispatched' or 'Out for Delivery', direct cancellation is not possible. Customers must refuse delivery or initiate a standard return post-delivery.

2. Payment Failures & Double Debits

If payment is deducted from the customer's account but the order is not placed, the money is automatically reversed by the bank within 3 to 5 business days. Customers can share their UPI transaction ID or Bank Reference Number (RRN) with support if the refund is delayed.

3. COD (Cash on Delivery) Verification

COD is available for orders under ₹5,000. An automated WhatsApp verification message is sent to confirm COD orders before dispatch.
